Baker Roofing Company (508)

Baker Roofing Company
517 Mercury St.
Raleigh, NC 27603
919-605-3725

Elizabeth Pedersen
epedersen@bakerroofing.com
Ryan Clancy
rclancy@bakerroofing.com

In 1915 WP Baker hung a sign in his downtown Raleigh shop indicating that Baker Roofing was open for business. That sign read “We shall do good work. At a profit, if we can, at a loss if we must, but always good work”. To survive in business for over 100 years is no simple feat. The success can be attributed to values-based family ownership and a century-old mission to do Always Good Work. Although we are one of the largest roofing companies in the nation, we value each employee, have a family-oriented culture, and encourage a work-life balance. We would love to have you partner with Team Baker!

Blue Ally**(609)**

1225 Crecent Green St. 115

Learning Blade

340 Frazier Ave.
Chattanooga, TN
954-703-0940

(309)

Jennifer Gregory
Jennifer@learningblade.com

Learning Blade is a system of interactive online lessons, teacher lesson plans, and printable at-home activities for 5th to 9th graders, where students learn about high-demand STEM, CTE and Computer Science careers while reviewing academics. Students can use over 400 online lessons in human-centered “Missions” or stories to explore exciting careers aligned to state standards. Teachers also have access to dozens of lesson plans that support innovative project-based learning and classroom activities using common materials. Now includes a 20-hour “Introduction to Coding” course designed for 7th and 8th grade as an easy way to introduce students to coding block requirements and teach basic concepts in programming. Learning Blade is provided to educators fully funded by the South Carolina Department of Education, Office of Career and Technical Education.

Learning Labs, Inc.

(108 109)

VE provides a solution for schools to offer all students meaningful skills-based career experiences. Through our hands-on, task based curricula, students test drive potential careers and develop in-demand skills and competencies that post secondary institutions and employers are seeking. By managing the day-to-day operations of a company, students not only develop business skills and an entrepreneurial mindset, they also identify career pathways that align with their interests, talents, and aspirations.
